Welcome

During the spring through fall of each year, the Biophysical Society sponsors focused-topic meetings with 150-300 attendees organized by Society members. These meetings may be held throughout the world.

Proposals for meetings to be held in 2014 are now being accepted. All submissions will be evaluated by the Thematic Meetings Committee charged with making annual recommendations to the Society's Executive Board and Council.

To be considered for a 2014 meeting, suggestions must be submitted through this site and all sections must be complete. Deadline for submissions is July 6, 2012.

For complete submission requirements or to view information about prior meetings, please follow this link: http://www.biophysics.org/Meetings/ThematicMeetings/tabid/2256/Default.aspx
