

Career Roundtable Luncheon

56TH ANNUAL MEETING February 25–29, 2012 • San Diego, California

Sunday, February 26, 2012 12:00–2:00 PM San Diego Convention Center

This is a forum for mid-career biophysicists to discuss and share in an informal, relaxed atmosphere challenges such as successful strategies to finding alternative research funding, initiating successful collaborations, getting tenure, selling yourself, and striking the right life-work balance. Each roundtable discussion will focus on one of these topics and participants will have the chance to engage in several such conversations. Discussions will be moderated and will conclude with a representative from each table sharing the summary for their topic with the whole group, as a chance for all participants to learn from all conversations. Attendance at this CPOW-hosted event is limited to 100 participants. Pre-registration is required and the fee includes a box lunch.

Registration is limited to the first 100 attendees.

To register, complete the form below.
