

Student Travel Award Requirements

Eligibility Requirements

- The student applicant must be presenting an abstract at the Single-Cell Biophysics: Measurement, Modulation, and modeling meeting.

Required Materials

1. A copy of the abstract submitted for presentation at the Taiwan Thematic meeting.
2. Distinct answers in a bulleted format to each of the following questions (1 to 2 sentences for each item is sufficient):
 - Explain your role in the research project.
 - At what stage are you in your graduate education/program?
 - An explanation of financial need and the importance of winning such an award.
 - What is the long-range goal of your research?
 - What is the significance of your research?
 - What is the most novel aspect of your research?
 - What is your advisor's name, institution, and department?
3. A letter of recommendation from an advisor (must be on institutional letterhead with signature).
 - Where is the student in his/her degree program?
 - Role of the student in project development.
 - How is the student supported (training grant, research grant, other)?
 - Rate the student compared to others at the same stage.
 - Identify any special considerations relating to need or appropriateness of a travel award.
