Show Directory
This is a valuable tool that fosters communication between exhibitors and attendees. The online Show Directory contains features such as your online directory listing, booth number, company logo, company website, address, and much more. It’s highly recommended that you update your online show directory listing as soon as you receive your confirmation from the Exhibitor Service Representative. Your online company description can be anywhere from 600 to 1,500 characters. Also, there is a categories section where you can highlight your different products. The company description and product categories are included in the printed Annual Meeting Program Book. Please ask your Exhibitor Service Representative about upgrade opportunities.
